**CaseFileXpress Introduces Process Service eScheduling Addition to
Legal eFiling Solution**

IRVING, TEXAS – CaseFileXpress, the leader for legal eFiling, introduced Process Service eScheduling as an addition to its core eFiling system today for its clients in Texas. The eScheduling will begin initially in the metropolitan areas of Amarillo, Austin, Corpus Christi, Dallas-Fort Worth, El Paso, Houston, Lubbock, the Rio Grande Valley and San Antonio.

CaseFileXpress is initially providing Process Service eScheduling through partnerships with Alliance Civil Process, Allen Civil Process and Professional Civil Process. More process server affiliates will be added as the program continues to expand throughout the state.

“We are always looking for opportunities to offer enhanced benefits through the use of our eFiling system while improving our clients productivity,” said Tammy Carter, Founder and General Manager of CaseFileXpress. “We believe providing the ability for our clients to request process service online with two clicks sets the foundation for further automating an industry traditionally driven by paper, fax machines, automobiles and telephones.”

With the addition of Process Service eScheduling, CaseFileXpress adds another tool for attorneys to increase efficiency with a secure, direct link to certified process server partners that CaseFileXpress screens based on credentials, recommendations and reliability. CaseFileXpress provides the electronic conduit between the law firm and the process server. Law firms simply place their process service order directly when they eFile, and the selected process server will pick up the citation and file-stamped copies at the courthouse and serve papers.

About CaseFileXpress

CaseFileXpress, L.P., is the leading Electronic Filing Service Provider (EFSP), representing 89 of the top 100 U.S. law firms. Founded in 2002, CaseFileXpress was the first approved eFiling provider for both Texas State Courts and the Washington, D.C. Superior Courts. CaseFileXpress combines service delivery and advanced eFiling technology with the management and financial strength of its parent company MMC Group, L.P. CaseFileXpress is headquartered in Irving, Texas. For more information visit: www.casefilexpress.com
